

REGISTRATION FEE: \$60

Visual Phonics

See the Sound: Visual Phonics (STS: VP) is a system of 46 unique hand cues and symbols that represent the sounds of English without the ambiguity of English orthography. Included are the sounds commonly referred to as vowels, consonants, diphthongs and digraphs. It is somewhat of a simplified, visual, kinesthetic version of the International Phonetic Alphabet (IPA). This workshop is for professionals who work with Deaf and Hard of Hearing students using ASL as their primary mode of communication. Workshop objectives include information about STS: VP, foundational skills required for reading, components of reading, identification and production of STS: VP hand cues and written symbols, and application activities.

Instructor(s): Michele Neal

Participants will get 1.2 CEUs

***Special Assistance:** Any individuals requesting accommodations under the Americans with Disabilities Act should contact the support staff before the training.*

****NOTICE****

Call support staff to add your name to the waiting list when institute becomes full.

If payment is not received by June 16, participants will be contacted by support staff via phone and email to confirm payment has been mailed.

On June 30, participants who are on the waiting list will be contacted to confirm attendance and reminded to bring payment to institute.
